

# POOLS FOR HOME

---

Great service. Honest pricing. Excellent results.  
That's our standard.

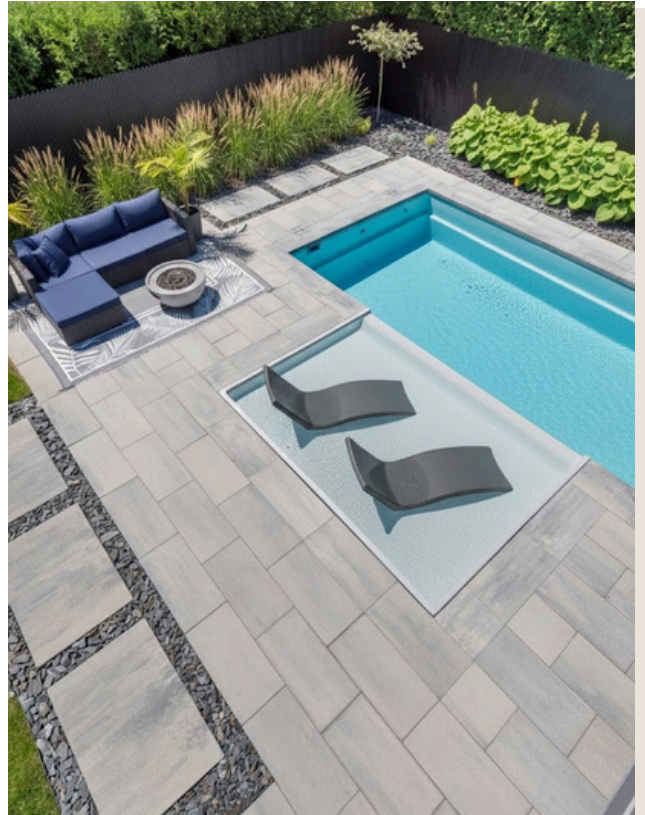

# About Us

## Built on experience.

Pools for Home Design and Construction has been building backyard dreams for over 25 years. Based in Oakville and serving Halton and the surrounding GTA, we are a professional full service firm that is fully licensed, insured and bonded.

Our specialty lies in designing and building backyards that are as functional as they are beautiful — tailored to your lifestyle, your space, and your vision. From custom pool designs and water features to decking, lighting, landscaping and backyard living spaces, we blend craftsmanship with innovation to deliver a result that feels like an everyday escape.

We believe every backyard has the potential to become a private resort. Whether your goal is a statement pool for entertaining, a serene space for relaxation, or a complete outdoor transformation, you deserve a builder that listens, envisions, and brings your dream to life.

# Our Capabilities

---

## FULLY CUSTOMIZED DESIGNING & PLANNING

---

Tailored pool designs that account for layout, terrain, and your unique lifestyle. From concept sketches to final designs.

## POOL CONSTRUCTION & OUTDOOR LIVING

---

We build custom pools, spas, decks, and outdoor entertainment areas that are both stunning and engineered to stand the test of time.

## WATER FEATURES, LIGHTING & LANDSCAPE INTEGRATION

---

From cascading waterfalls to smart lighting systems and seamless landscaping, we design environments that elevate the pool experience.

## POOL AND LANDSCAPE RENOVATIONS

---

From simple liner replacements to full backyard rebuilds, we can transform your outdated pool into an outdoor space for everyone to enjoy.

# How We Work

---

## CLEAR COMMUNICATION

From day one, we'll keep you in the loop, with updates, check-ins, and fast answers when you need them.

## PROFESSIONAL STANDARDS

We show up when we say we will, respect your property, and take pride in doing things the right way.

## ATTENTION TO DETAIL

We plan every step carefully, from levels and layout to method selection so nothing feels rushed or overlooked.

## RESPECT FOR YOUR SPACE

We work clean, stay organized, and treat your home and yard with care throughout the entire build.

## RELIABLE TIMELINES

Barring weather, inspection or supply delays, we stick to our schedule and keep you updated if anything changes.

## A QUALITY FINISH

We don't wrap up until everything is complete and ready for you to enjoy, down to the last detail.

Project Cost

## PROJECT HIGHLIGHTS

- 6ft deep vinyl pool with integrated hot tub and sunledge
- Porcelain tile patio and limestone coping for a sleek modern look
- Automated pool system, irrigation and lighting

# What To Expect

---

## 1. PREPARATION PHASE

Once the contract is signed and deposit paid, we'll get things started by applying for required permits and approvals, preparing the site and confirming any final details. This is where we align fully on your pool design and make sure to lock in the layout, finishes, and schedule.

## 2. CONSTRUCTION PHASE

Our team will handle everything from excavation through to installation. We work efficiently, keep disruption to a minimum, and communicate clearly throughout the build.

## 3. FINAL TOUCHES

Once construction wraps up, we'll thoroughly clean the site, carry out a detailed walkthrough with you, and make sure every element meets our quality standards and your expectations. We will also assist you with any final closing permit inspections.

## 4. AFTERCARE SUPPORT

We provide pool openings and closing, as well as service repairs for all of our customers, and exclusive for our clients we offer free chemical testing and trouble shooting through our showroom throughout the pool season. We'll provide ongoing pool care guidance to help you keep your pool looking its best long after the project has finished.

# Project Timeline

---

1

## SITE PREPARATION & PLANNING

Timeframe: 3-4 days

We confirm measurements, finalise access, mark out zones, and prepare the site for pool construction.

2

## POOL CONSTRUCTION

Timeframe: 5-7 days

This includes excavation, structural work, plumbing, steel, and any major pool construction elements.

3

## FINISHES & INSTALLATION

Timeframe: 5-10 days

Once the structure is in place, we install interior finishes, coping, surrounds, and associated features.

4

## FINAL TOUCHES & CLEANUP

Timeframe: 2-5 days

We walk through the site, clean up, and complete final details to ensure everything looks sharp and complete.

5

## HANDOVER & AFTERCARE

Timeframe: Upon completion

You'll receive care instructions, warranty info, and guidance to help your new pool perform at its best.

# Worksite Information

---

## PROJECT COMMUNICATION & CONTACT

We believe great projects are built on trust, and that starts with clear, consistent updates.

### **Main Contact**

You'll have one dedicated point of contact throughout your project. No confusion, no bouncing between team members.

### **Regular Updates**

We'll keep you informed at every stage; from weather delays to progress reports and any decisions that need your input.

### **Business Hours**

We're available Monday to Friday, 7am–7pm, Saturday 8am - 3pm by text, email or phone and will respond as soon as possible.

## PROPERTY ACCESS & SITE READINESS

To avoid delays and disruptions, please ensure:

- Gates are unlocked on scheduled workdays.
  - Pets and children are secured safely indoors.
  - Sprinklers are off during construction.
  - Access route to the job site is free and clear.
-

# Frequently Asked Questions

## WHAT IF THE WEATHER CAUSES DELAYS?

- ▶ We monitor the forecast closely and will notify you right away if the schedule needs adjusting due to weather. Your project won't be left in the dark.
- 

## DO I NEED TO BE HOME WHILE THE WORK IS HAPPENING?

- ▶ Not at all. As long as we have clear access to the work area, our team can proceed without you needing to be there.
- 

## WILL YOU CLEAN UP THE SITE ONCE THE JOB IS DONE?

- ▶ Absolutely. A clean finish is part of our standard. We remove all debris and leave your property looking its best.
- 

## HOW DO I CARE FOR NEW PLANTS OR TURF AFTER INSTALLATION?

- ▶ You'll receive personalised care instructions at handover, so your new landscape stays healthy and vibrant long after we leave.
- 

## CAN I MAKE CHANGES DURING THE PROJECT?

- ▶ Yes, we understand ideas evolve. Just let us know. We'll review the impact and update the scope and pricing if needed.
